

NEWSLETTER 9

5 March 2010

During half term I visited a school in The Gambia. The children are taught in huts and they have no resources. I have told the children all about it and shown them photos. We all think that to send them pens, pencils and perhaps toothbrushes, would be a wonderful idea. If you would like to donate any, we will send them in shoe boxes, one from each class. I will let you know when we send them. Thank you.

Pauline Dukes

SCIENCE DAY

The children loved the activities! Thank you to all the parents who supported the day. You wrote some wonderful comments.

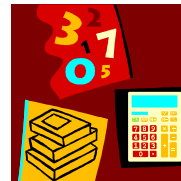

ANNUAL REPORTS

You will be receiving your child's report on Monday 15 March. This will be followed by Parents Evenings on 22nd and 23rd March.

MATHS EVENING

Thank you to all parents who attended the Maths Evening before half term. Everyone had fun and learnt how to use everyday objects to make Maths fun!

WORLD BOOK DAY

The children all enjoyed the activities and the whole school has written a story together using a special programme on the computer. We hope you enjoyed coming in and sharing stories with your children.
