

Nut Policy

- All the staff and governors at Ashley Infant School wish all children to be safe from allergies.
- We will ask parents, as far as possible, not to KNOWINGLY send any food to school that has nuts as an ingredient. This includes peanut butter and chocolate/cereal bars.
- We will not have any junk modelling material that has been a container for nut products e.g. Crunchy Nut Cornflakes.
- We realise that most products now carry a warning "May contain nut products". We are realistic about this and will try to protect children as far as possible.
